The JazzAhead Duo of the Soul

Joerg Reiter, Piano

At the 13th and 15th of February 2006 Heinz von Hermann and the German piano player Joerg Reiter had two great concerts at the Music Restaurant MARIMBA in Cape Town.

It was a big pleasure and honour to play at this wonderful place with a nice audience who were serious Jazz lovers and listeners.

South Africa offered these 2 great European musicians its high lights of sightseeing and the swinging City with all the South African musicians in the streets and places, as well the luck, that electricity was still on.

ALL THAT JAZZ

of our youth when we were growing up around some of the great gigs around the peninsula during the '70s and '80s.

You just have to keep your ears open for his covers of some Gino Vannelli tunes and there's also an interesting version of the Pacific Express classic, *Give a Little Love*.

The concert on Sunday will be held from 4 to 7pm at the International School in Edinburgh Road, Bishopscourt, and will also feature some guest artists.

Tickets can be purchased from Petro at the Kaleidoscope office at 021-670-2011 or 072-601-2848 or by e-mailing hrobertson@telkomsa.net

There's also some jazz with an international flavour in town next week when Marimba restaurant features European jazz giants Heinz von Hermann (saxophone and flute) and Joerg Reiter (piano) at the venue for two nights only on Monday and Tuesday next week.

Von Hermann has played for decades as a saxophone and flute soloist for countless stars including Lionel Hampton, Dizzy Gillespie, Diane Warwick, Shirley Bassey, José Feliciano, Sammy Davis Jnr, Henry Mancini, Paul Anka, Ray Charles, Al Jarreau and Bobby McFerrin.

Reiter has also performed with most of Europe's top jazz musicians and has made countless television appearances with Diane Reeves, Al Jarreau, Caterina Valente, Billy Cobham, Jerry Brown, Anthony Jackson and many more.
